Requestor: Please be aware that the 300-foot requirement is to be measured from the boundaries of all of the petitioner's ownership, including the land not covered by the application [Ref: Altamonte Springs Land Development Code Sections 3.4.1.3.2(b)1 and 3.4.4.2.2(a)]. Therefore, you must provide the County with the parcel numbers for all of the lands under the petitioner's ownership from which to generate the 300-foot list.
