To expedite review processing, the City is providing for the review of digital plans in PDF format. Once a plan is approved, the applicant receives stamped hardcopies of the approved plans.

I, understand that it is essential that the hardcopy plans submitted for review and approval by the City of Altamonte Spring exactly match the digital plans being submitted for review. In an effort to allow digital mark-up of my digital plans, the digital files do not need to be digitally signed and sealed.

I, \_\_\_\_\_ [Printed Name of EOR / Landscape Architect / Surveyor / Architect / Other \_\_\_\_\_], of \_\_\_\_\_ [FIRM], hereby certify with my signature and seal below that the digital files provided on the CD or flash drive exactly match the hardcopy plans that have been submitted for review. I have verified the files personally and understand that any deviation between the digital plans and the hardcopy plans will be grounds for the review to stop and/or could be grounds for site corrections after construction to conform to the approved conditions.
